## Notice to Retail Dealers Using Carnahan Oil &amp; Refining Co., Gasoline

The law providing for a 1-cent a gallon tax on gasoline became effective in 1920. The law reads that the tax must be collected by the retailer. However in order to simplify the collecting of the tax by hundreds of retailers with the resulting extra book-keeping, the wholesale dealers have collected the tax by adding it to the price of gasoline and have paid the money over to the clerks of the counties. The State Tax Commission felt that the State was not getting all the taxes it should and issued a ruling that the relatives must collect the tax at the time of sale as it was written in the law. In order to prevent the extra work this procedure would cause, we as a wholesaler have made bond to the state tax commission for collection and payment of the tax.

## Two for the Penitentiary.

Circuit Court closed last Saturday afternoon and Judge Carter and Mr. A. A. Huddleston left for their respective homes. During the term there were many minor cases disposed of and two were convicted for the penitentiary—Golan Bardin got twelve years for killing John Henry Sneed, and Goebel Robinson two years for forging checks. Dayton Whitlock, who was also charged with Robinson in the check forging case, was acquitted. Robinson who indicted him took the stand and stated that Whitlock had nothing to do with the forgery, that he had heretofore sworn a falsehood, and that he was the guilty man. Bardin and Robinson were conveyed to Frankfort by Sheriff Coffey and Jailer Frank Miller.
